

Dear Confrere/Partner/Supporter

We present you with a simple overview of SOFIA's activity in the year 2020. As for many, also for us at SOFIA a worldwide pandemic defined the past year. Taking advantage of our local presence and our global network, we were able to intervene directly, without any unnecessary structural or overhead costs, for the benefit of the most vulnerable. Food help for families and for those that lost their income proved to be most beneficial and feasible for the local communities.

Notwithstanding interference of Covid-19, our projects went on to develop. We illustrate here their growth and impact. Some new projects received grants. We are proud that they serve some of the most marginalized persons in the world, such as handicapped or abused children.

We send a big "Thank You" to all our supporters and partners. Through your interest and your financial participation, SOFIA and the Salvatorians are able to respond to nowadays needs. You help us make our overall goal of "salvation for all" very concrete, tangible and visible. The many persons engaged in and served by our projects extend their gratefulness to all of you.

The SOFIA-Global Team
